Mental Health

Most mental health clinicians are providing tele-therapy during this time via phone or internet including Pawnee Mental Health Center. For a complete Mental Health Resource List, please contact your Family Education Partner.

The Crisis Stabilization Center is also still available 24/7 to speak with you over the phone or in person. Their number is (800) 609-2002.

Child Care

Child Care Aware is available to help locate licensed child care options at www.ks.childcareaware.org or via phone at 877-678-2548.

The Kansas State Department of Education advises that families who need flexible options or irregular care might consider having someone come into the home. A known adult currently not working due to business closures might be available to help. They also advise that a license from KDHE is not required for 2 children or less to go into the home of another adult for 20 hours per week or less.

For needs regarding rent, utilities, etc. please contact your Family Education Partner to discuss resources. If you are unable to reach your FEP, the KCSL Parent Helpline is available 24/7 for support and resources at 1-800-CHILDREN.
